Topic: Inside Your Credit Report
Brought to you by [Niche Lending](#)

Learn what information is in your credit report, and how mistakes can be made.

Why It Matters: You should know what information is available to businesses that request your credit history. This is vital, personal information and even though not all of it affects your credit score, you should ensure that everything in it is correct.

What You Need to Know: The following categories encompass all of the information in your credit report:

- Identifying information. This includes your name, address, social security number, birth date and employment information.
 1. Trade lines. These are your credit accounts. Lenders report each account...
